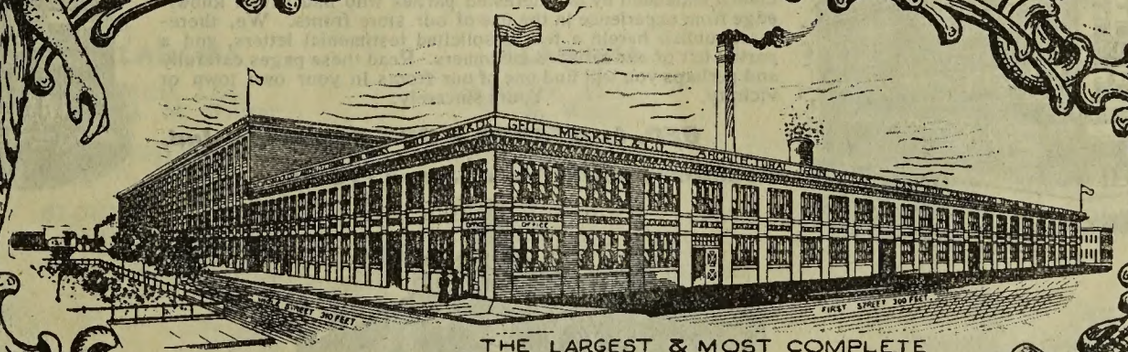
TESTIMONIALS.

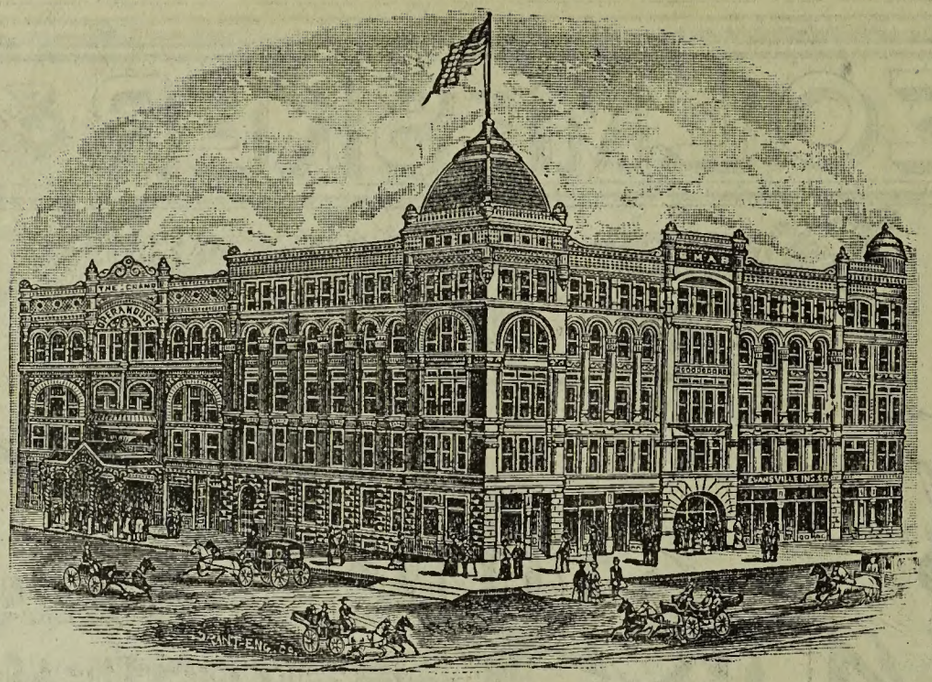
SPECIALISTS IN ARCHITECTURAL IRON WORK & STORE FRONTS.



THE LARGEST & MOST COMPLETE ESTABLISHMENT IN THE UNITED STATES.

EVANSVILLE, IND.

MANUFACTURERS & DESIGNERS OF STORE FRONTS.



To Whom it May Concern:

The issuance of this book is prompted by frequent inquiries from various sources, as to our ability to compete successfully with competitors all over the United States. Samples are truthful representatives of the every day output of our establishment. We have them in every state and territory in the United States.

The idea suggested itself to us, that prospective customers, who are not familiar with our products, would more readily appreciate a statement by disinterested parties who had actual knowledge from experience in the use of our store fronts. We, therefore, publish herein a few unsolicited testimonial letters, and a partial list of our satisfied customers. Read these pages carefully and perhaps you will find one of our fronts in your own town or vicinity.

Yours sincerely,

GEO. L. MESKER & CO., Evansville. Ind.

Gentlemen:-The front was quite a revelation to New Milford, and now that I have it painted, it has the appearance of finely carved and cut stone. Many are the words of praise. Thanks to your promptness. I was the first of the burnt district to be ready for business.

I cheerfully recommend you for promptness and first-class work, and my contractor praises the way in which the material is put together.

Gentlemen:-

I have received your invoice of the 8th inst., and presume that the iron will arrive by due course of freight, as always the case heretofore. Just here I desire to acknowledge my appreciation of the marked promptness, with which you have filled the many orders, which I have sent you during the last six years.

In each of the dozen or more fronts I have had from you, the quality of material and the finish has invariably been of the best, and in every instance the fit of every joint and mitre, has been absolutely correct.

It is a pleasure to use your fronts. After sending you the order I feel no anxiety as to what I will receive.

NOTICE!

Our business in **ILLINOIS, INDIANA** and **KENTUCKY** has been so extensive that you will find one of our fronts in almost every town and village. Space will not permit us to reproduce many cuts, or a complete list of customers. In fact, our reputation for honest values and modern designs of store fronts is so well established in these states that many customers place orders with us unsolicited.

In **ILLINOIS** we have furnished 677 fronts.

In **INDIANA** we have furnished 905 fronts.

In **KENTUCKY** we have furnished 853 fronts. A record we are justly proud of.

Dear Sirs:-

I wish you a happy and prosperous New Year. I am feeling quite comfortable in my new building. I am well pleased with the front and roofing.I bought from you. The plate glass front gives my show room and office plenty of light, and shows up my polished monuments splendidly. I believe that I have the finest show room and work shop anywhere in this part of the state. as one of my workmen says it is a "peach". This fellow has worked in several cities, towns and states and he says its the best he found anywhere.

With best wishes, and again thanking you for your advice and fair treatment, I remain

Gentlemen:-

Enclosed please find check to cover cost of iron front. I have the iron all up in place and it looks fine. I have one door sill more than I wanted. Everything come up to specifications and I am very much obliged to you.

am sending you under separate cover a photo of my building You will observe from the picture that the store on the left is yet incomplete, and the gallery not around the building. Otherwise the building is complet.

This is the seventh iron front that I have used from your foundry, and all have been perfectly satisfactory in every respect.

Wishing you continued success, I am

Gents:-

Of the several nice fronts recently bought of you, I wish to compliment you on the fine quality of the work sent out, and of the correctness of all your measurements. I have experienced no trouble whatever in setting up your work, as everything goes right to place and all joints come up perfect. In all my dealings with you for several years past, I do not remember of ever finding you in a single error. Your iron and steel work I find the same way. Tis a pleasure to work after one who is careful and makes work exactly as shown on plans, as you have with mine. Wishing you much success,

I am yours respectfully,

Evansville, Ind.,

Sirs:-

Sometime ago we received a late issue of your catalogue, and found among some of the buildings that you tried to draw an idea of our building, that you furnished several tons of iron and steel for, and we are sending you under separate cover a correct likeness of the building so that you can use it in your next catalogue. We would have given you this for the asking for this last issue.

We are proud of our building, and the job of iron and steel work that you furnished was a one, and went in place in perfect shape.

Respectfully

Gentlemen:-

I have been going to write you in relation to Iron Front you sold to me ever since I got it in,but have neglected it until now. It gives me perfect satisfaction, and is very much admired. Everyone I have heard.says it is the handsomest front in the town, and in many other places. Our druggist in this town.who has sold nearly all the large plate glass here, examined it after I opened up says it is the finest and most perfect glass in the place,so clear he could not find a blemish in the glass. The carpenter who did the work says it is the thickest and clearest glass that ever came to this town. also the handsomest front and most substantial. I know this front will sell others here.

Gents—

The iron work and store front for my business block at East Salamanca came to me in good shape, and went up without a hitch, the design is very pretty, and very much adorns the building. I found the material and workmanship was of the best

The promptness in which you got the work out and the good order in which it was packed for shipment is very commendable to your factory facilities and business management

OFFICE ROOMS, 3 & 4 BELL BLOCK

Salisbury, N.C. November 14th 190

Messrs Geo.L.Mesker & Company

Evansville,Indiana.

Gentlemen.

The traveling men and others who knew the old town of Salisbury,N.C., six months ago, now wonder at the progress and city like appearance of the business blocks,but to know,is to look and read the name of Geo.L.Mesker & Company, manufacturers of store fronts.

Up to this 14th day of November,1904,I have sold for this city, and the twon of Spencer, N.C.,just two miles away, about FORTY EIGHT (48) store fronts complete with steel beams,cast iron lintels, plate glass,sash,etc.,for old and new busfness blocks,but mostly old lout of date store rooms,now having the appearance of new and up to date business blocks.

The people of Salisbury often remark that D.L.Gaskill has done more toward building up the business part of the city than all others put together,but after thanking them for such expressions,which I always do of course, I don't fail to say that the credit should be given Geo.L.Mesker & Company,the manufacturers of store fronts,the people with such exquisit taste and with such fine and suitable material used in same.

You have so many customers all over the United States,I feel quite sure that my sales above referred to would hardly be noticeable, but if you add my extra sales for steel beams, cast iron columns, and galvanized iron for Charlotte, Concord,N.C. and Gaffney,S.C.,and other towns,then it may be due me to have some notice of my work as your agent here.

Yours very Truly

D. L. Gaskill.

Gentlemen:

Enclosed find check for XXXXX

I am much pleased with the appearance of front; it looks nice and attracts much attention, and I think as the town builds you can sell others. It combines beauty and economy.

Hoping we may continue business in the future, I am

Respectfully,

James M. Blalock.

Gentlemen.

The front I bought of you, for my two Story Concrete block building, is simply fine and is admired by all.

This is the best front in the town and I wish to informm you that every thing was Satisfactory, good, correct to measure and fit exactly.

All material used was good in quality and there was not a break or loss in any way.

I was more than pleased with my plate glass, the manner in which they were packed and considering the weight of One thousand pounds in one box, arrived in perfect condition.

The front you furnished me is a Monumunt that speaks for its self, and any prospective buyers are invited here to See the work.

Thanking you for your promptness and all favors I am,

Very Truly Yours

Gentlemen:-

You will please pardon me for not answering your letter of the 6th inst.,sooner but I have been pressed for time since its reception is the cause of the delay.

For the past fifteen years I have, from time to time,been using fronts and building material from your shops, and the plans and designs have always given me and my patrons entire satisfaction. The job that I am now completing for A.U.Walker and Dr.F.C.Williams of this place,the lower floors of which are to be used for stores and the upper floors for offices, is quite an attractive building, and the owners of the building are well pleased.

Allow me to thank you for the promptness with which you have shipped all material for this structure, and the consideration you have given to all correspondence in connection therewith.

Yours truly,

Dear Sir:-

I intended to answer you sooner,but have been so busy that I havent had time. I bought from a firm in St.Louis,but I will tell you I think it will be my last one. I thought your figures were too high,but I will tell you,there is no comparison. Your fronts are worth more than theirs any time,but you see I have got to figure cheap work sometimes. Send me one of your catalogues and I will figure with you from this on, so when anything comes up I will let you know.

Gents:

I have my new store now complete. The iron front I bought of you September for my new store I found it to fit perfect and all O. K. in every respect and among the many new stores that has gone up in my town my store has received more compliments than any of them and is said by the general public to be the prettiest; I can highly recommend your building material in quality and workmanship.

Yours,

STORE FRONTS,

EVANSVILLE, INDIANA, : : : U. S. A.

WEST PALM BEACH, FLA., March 27th, 190

Messrs. GEO. L. MESKER & CO.,
Evansville, Ind.

Gentlemen:-

It gives me pleasure to inform you that the material which you furnished for my store block in this city was very satisfactory and I have instructed Mr. Chas. E. Hamer, my architect and superintendent, to order from you all the cast iron work, steel beams, galvanized iron work and millwork and glass for another large block of stores. I trust to receive from you the same excellent quality of material for this block that you furnished for the other.

Yours truly,

J. Jefferson
